

Finding A Future

in Excellence

"We all live under the same sky, but we don't have the same horizon."-Konrad Adenaur.

Many seniors will graduate from Ovid-Elsie high school. But their dreams, goals, and future plans are distinctively different. The seniors I talked to, plan on furthering their education past high school.

When asked, "What do you plan on doing after high school, and why?" they responded confidently with their decision.

Mike Paksi: "I plan on going to a technical institute to pursue a career in heating & cooling. Just as Mr. Oberlin says, if you don't go to school you'll be stuck being a "Whopper Flopper" all your life."

Kristyn Kurka: "I plan on going to Saginaw Valley State University or Grand Valley State University. I believe that the only way to get a good job is to have a college education."

Tammy Austin: "I plan to study cosmetology, because it interests me. But I haven't decided where to go to school yet."

No matter what each seniors' plans may be for the future, hopefully they will be successful. Jodie Easlick commented on her feelings by saying, "We all might have graduated from O-E, but our destinies are what we make of them!"
